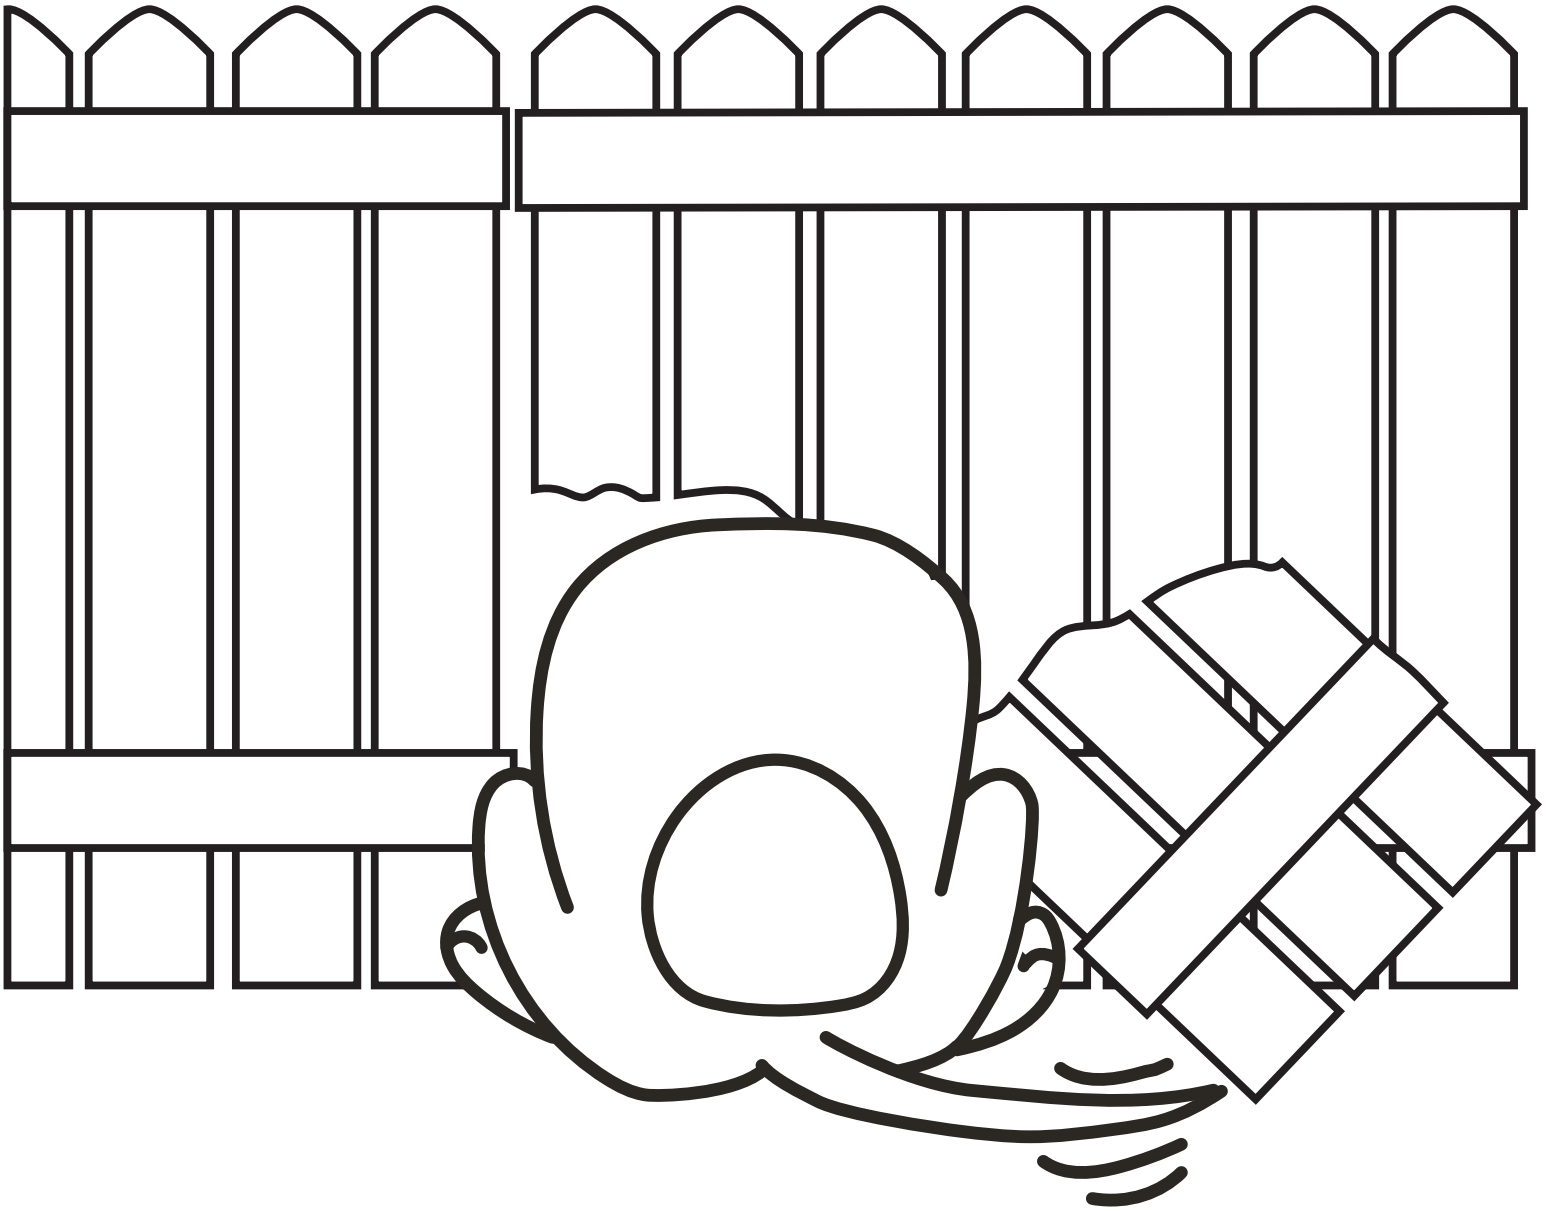
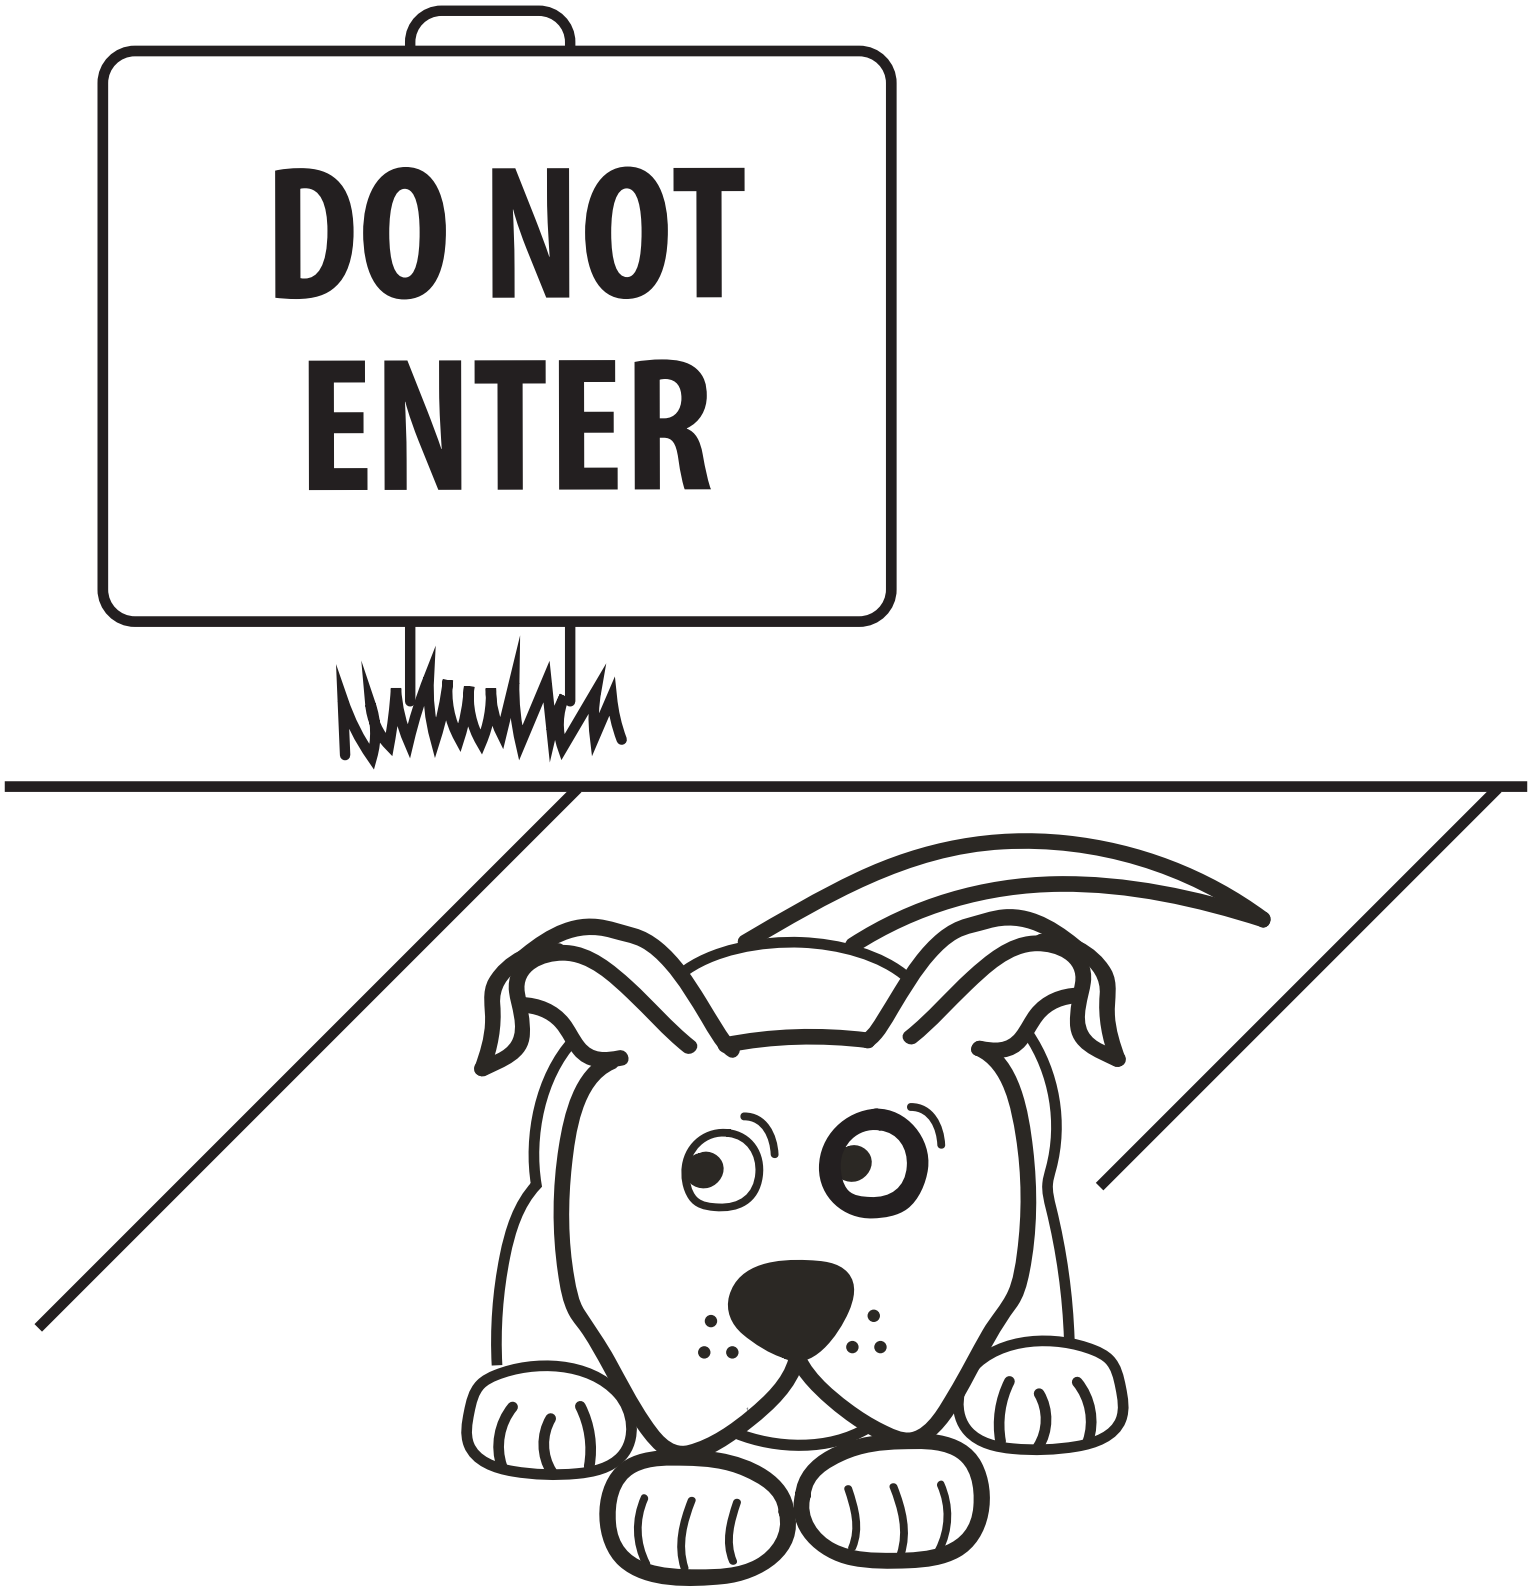
Hi. My Name is Penny.

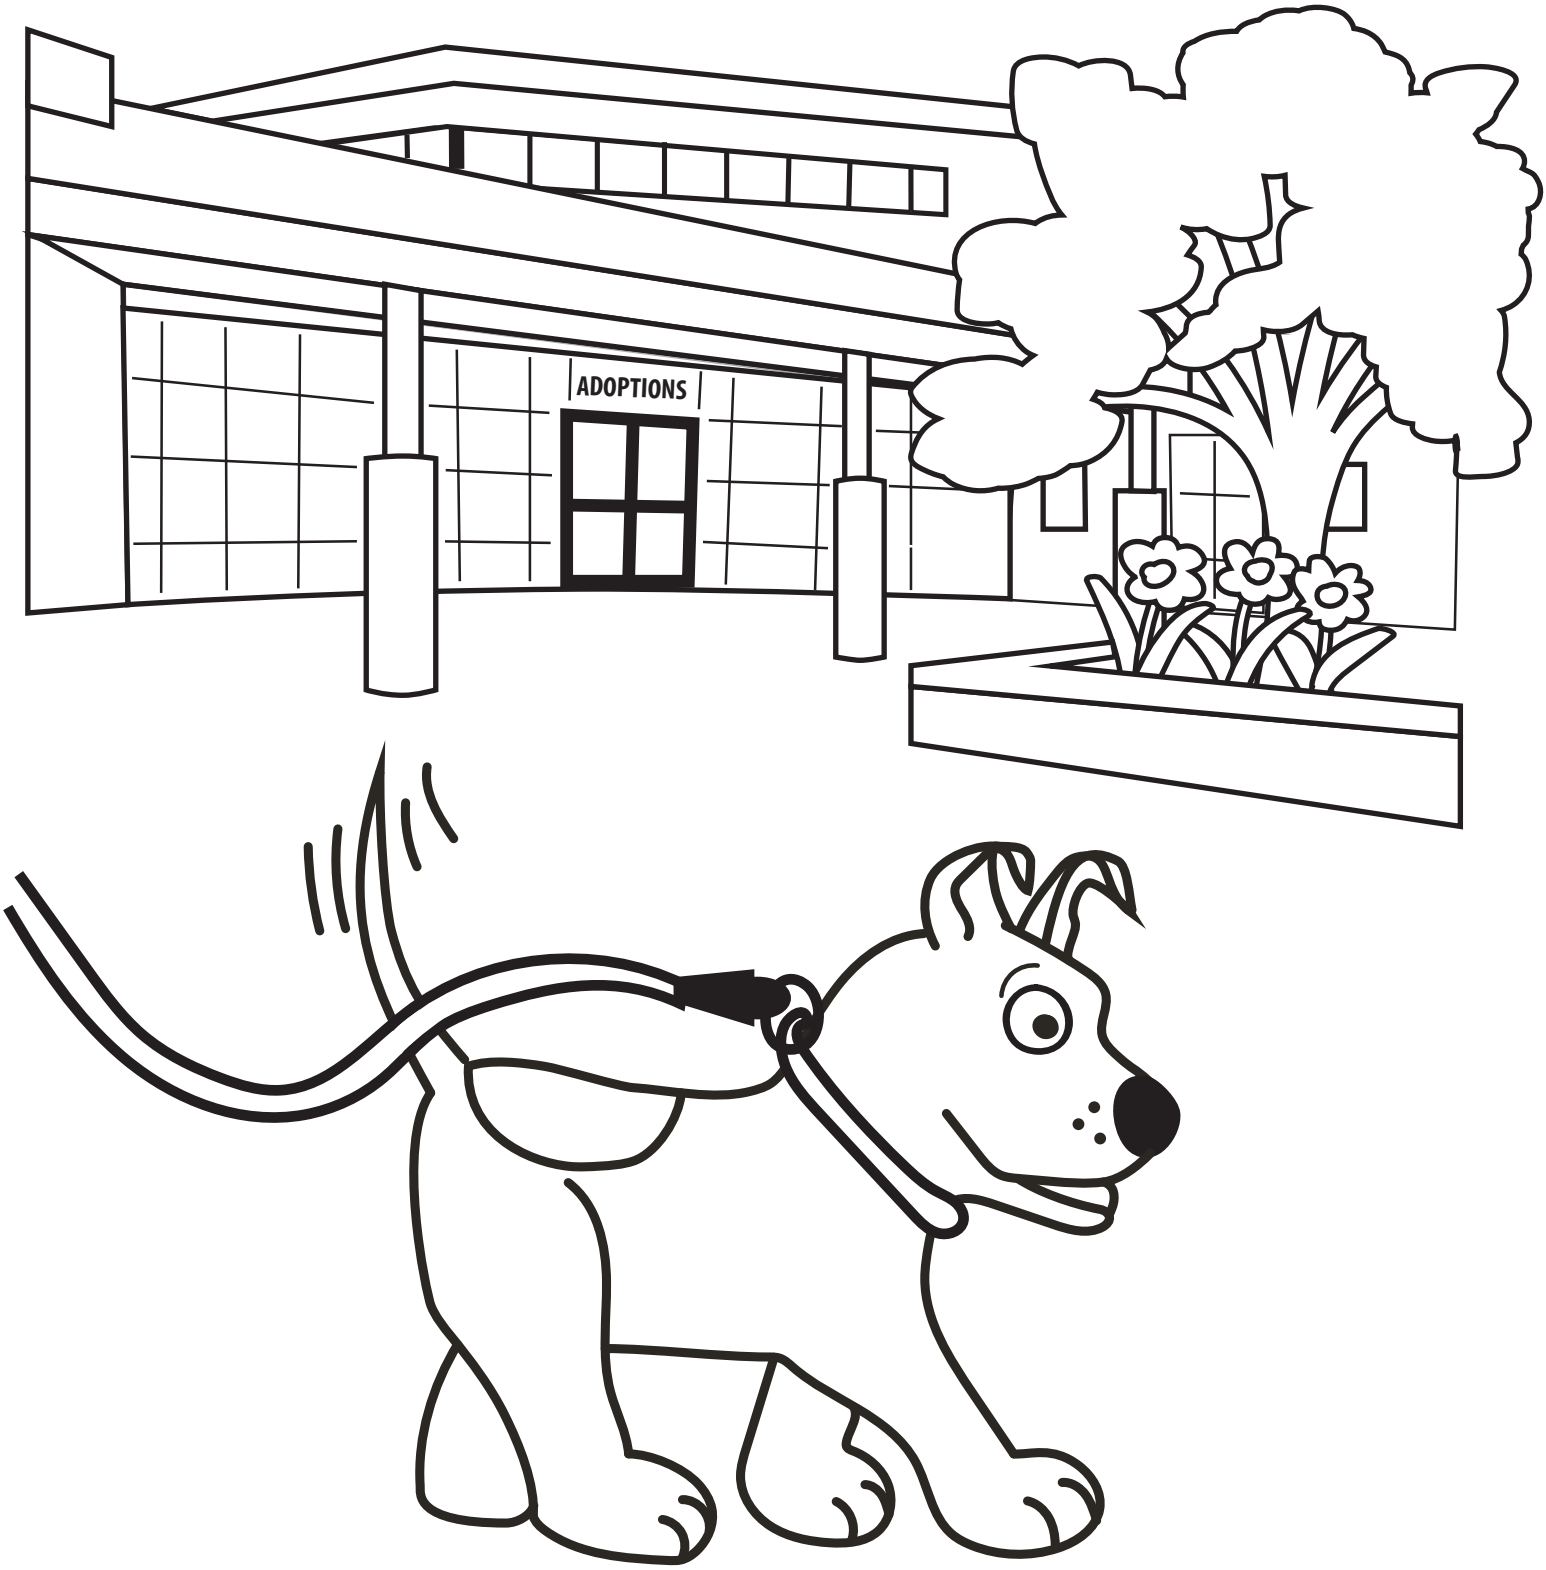


One day, I saw a hole in the fence and thought it would be fun to go through the hole to see what was on the other side.

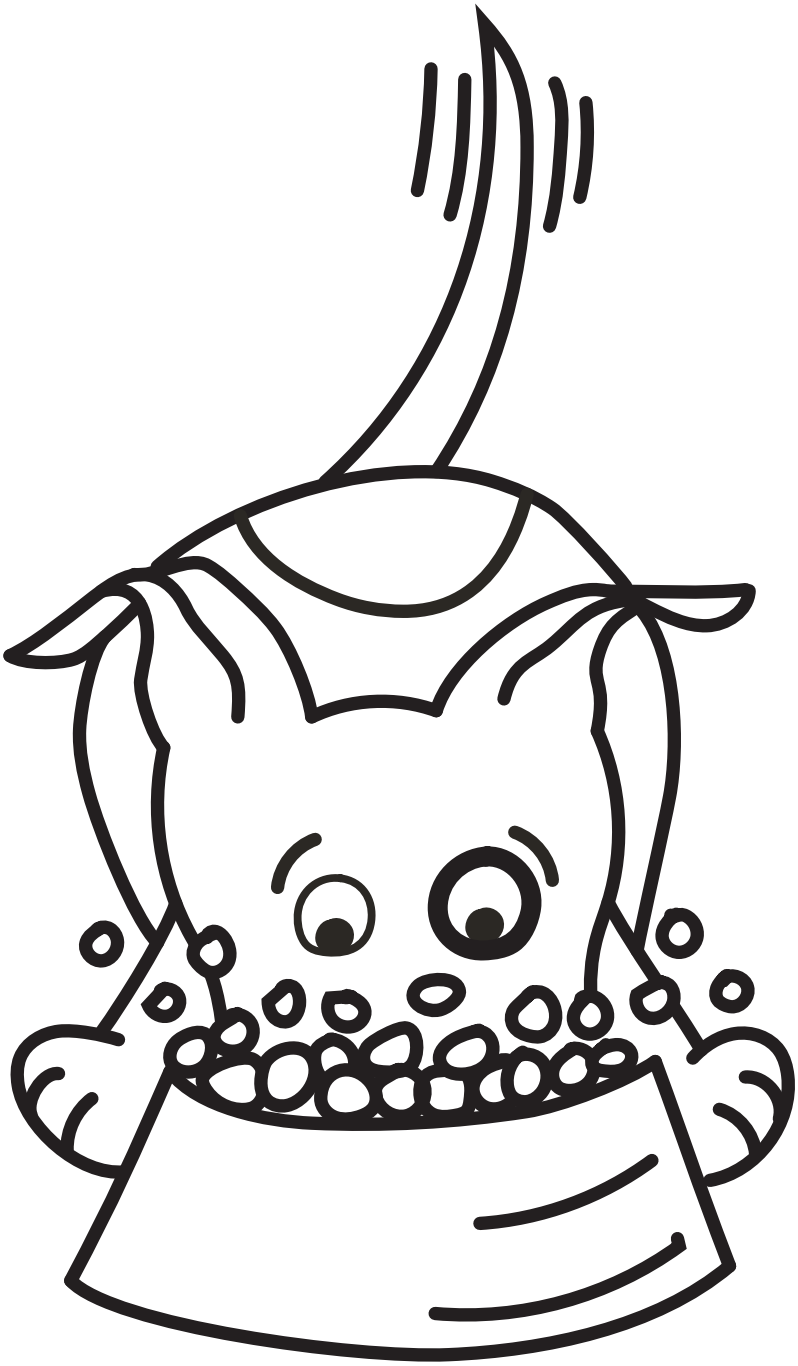
I walked a long way and saw lots of trees, flowers and birds!



Then I got scared, because I did not know which way to walk to get home.

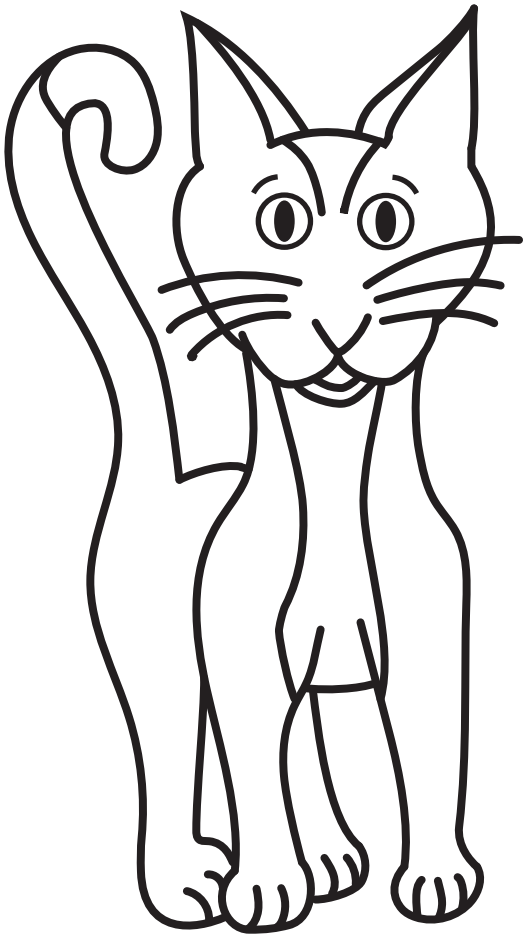


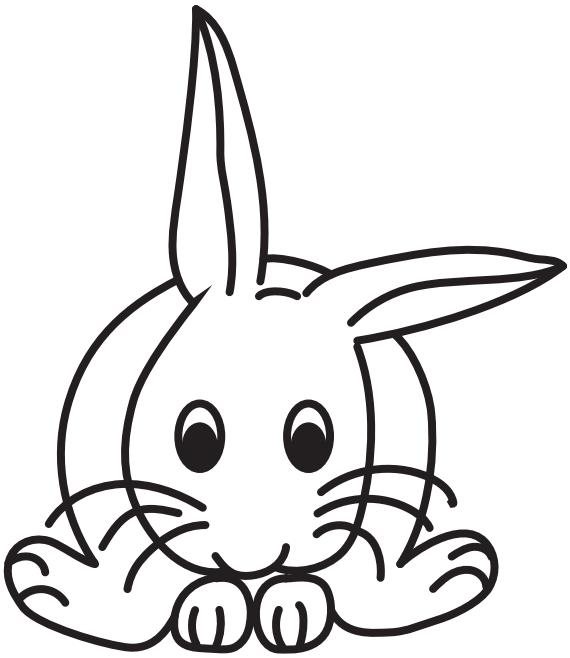
A special animal truck came and a nice animal control officer picked me up. She gave me a ride to a special place for animals called the Peninsula Regional Animal Shelter.

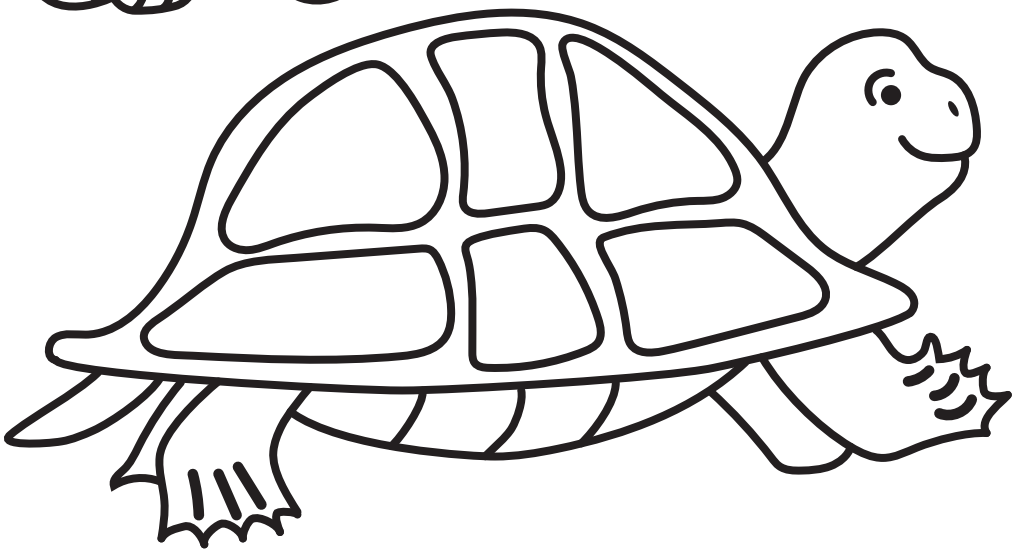


The people there fed me and told me they would take good care of me until they could find my family.

I tried to tell them where my home was, but they thought I just said "woof, woof."

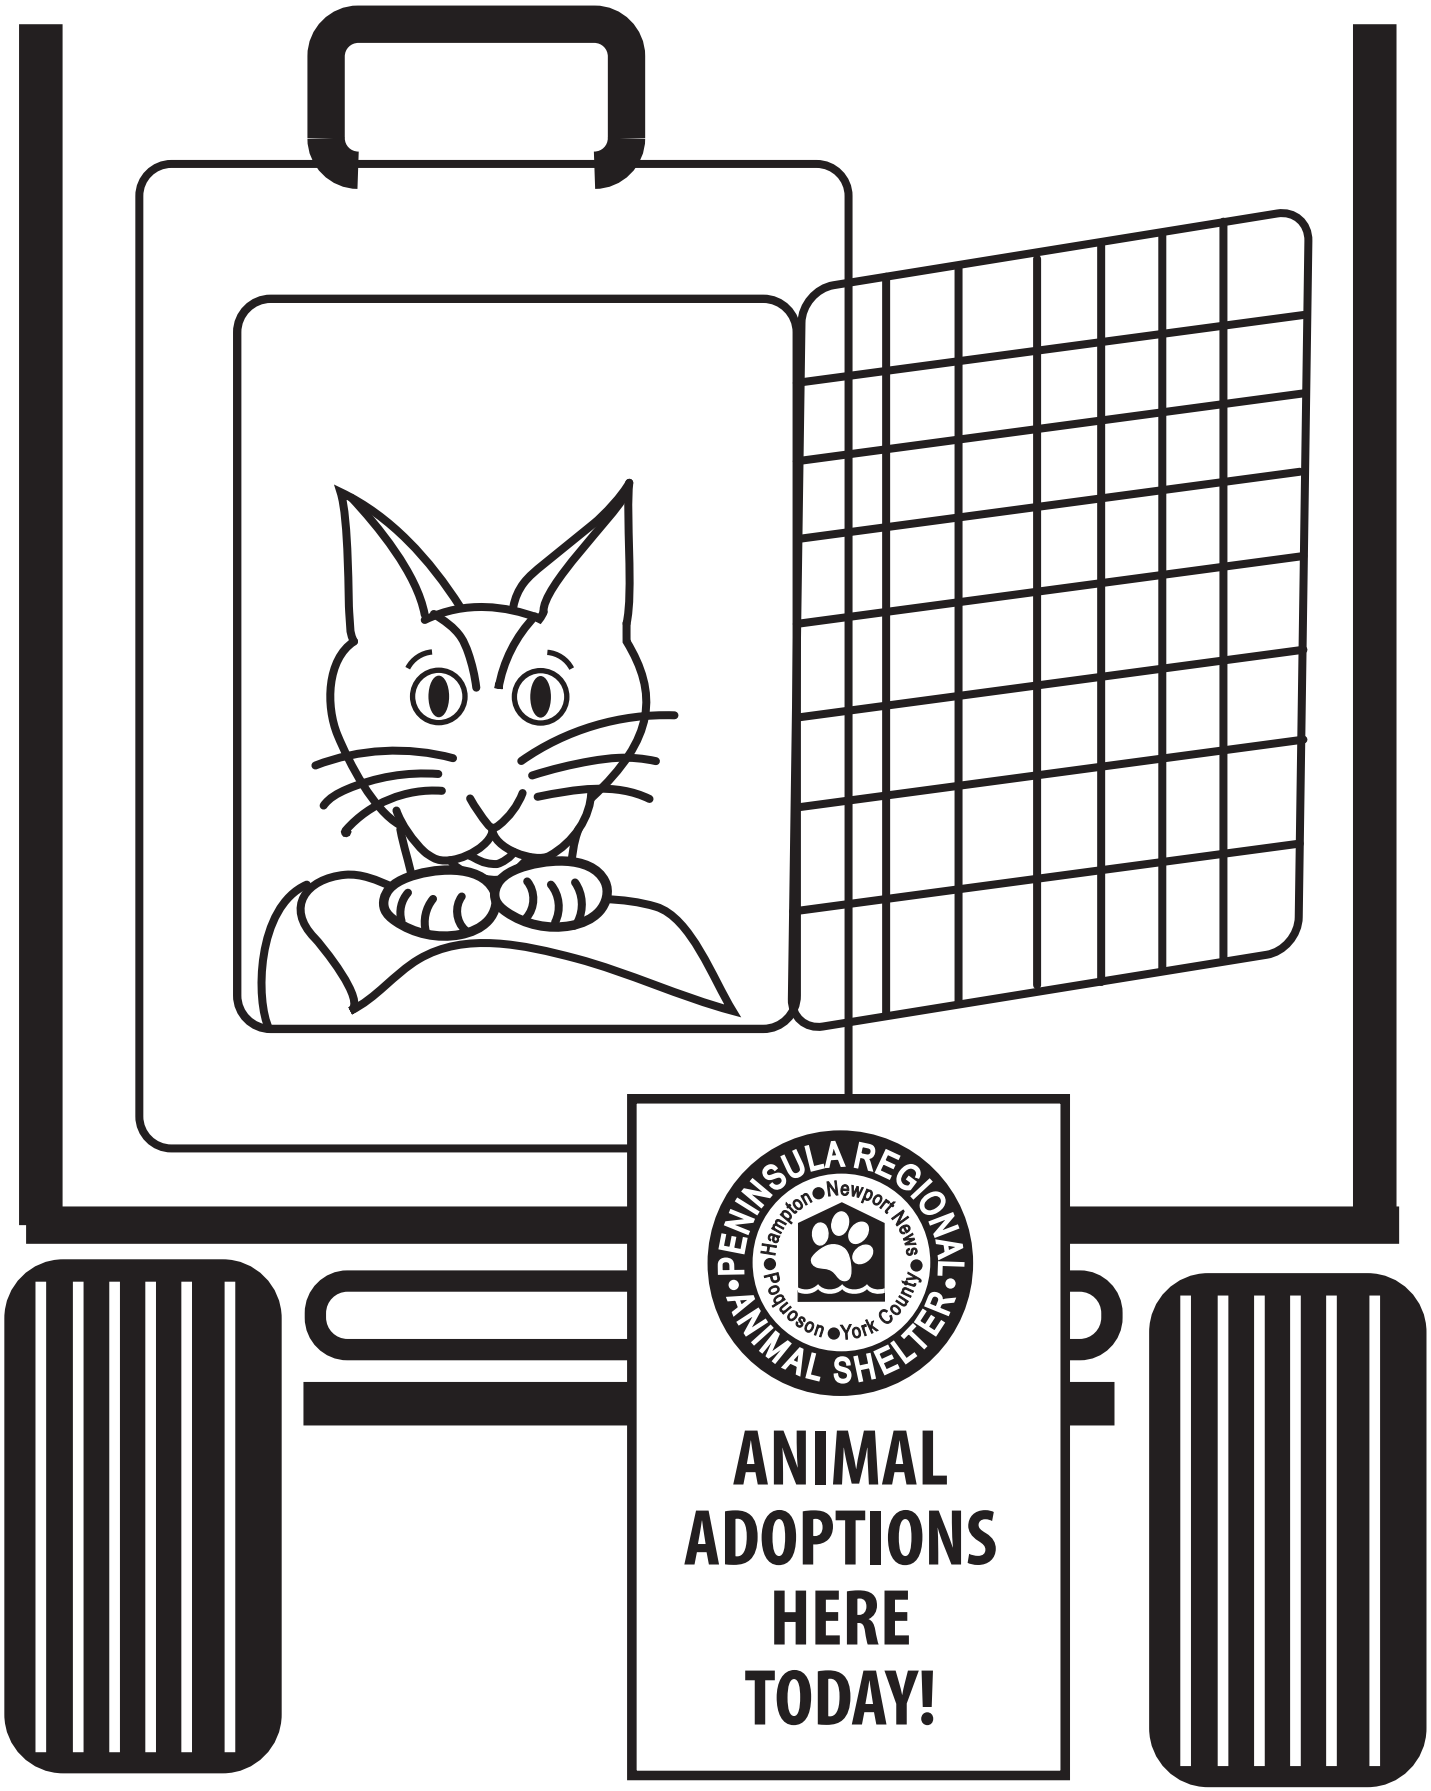




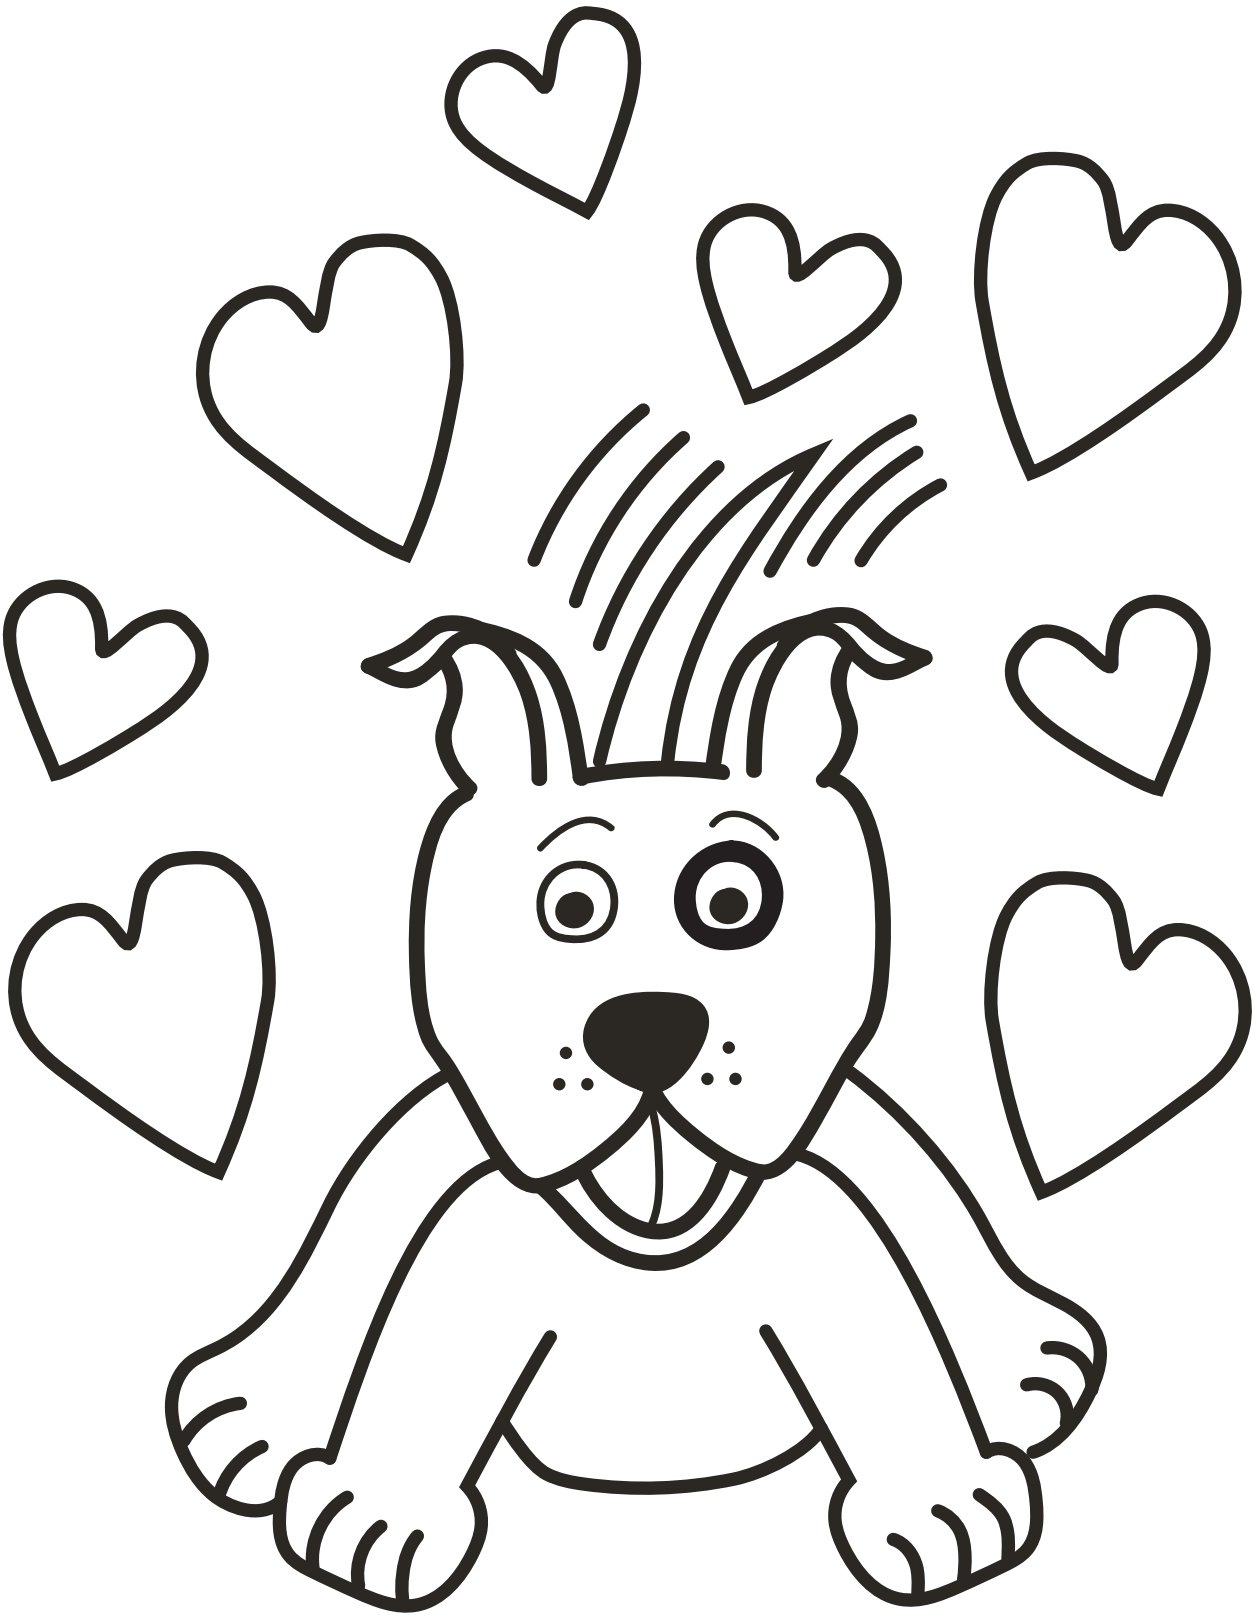


I met other lost animals who were waiting for their families to find them. Some animals were looking for new families!

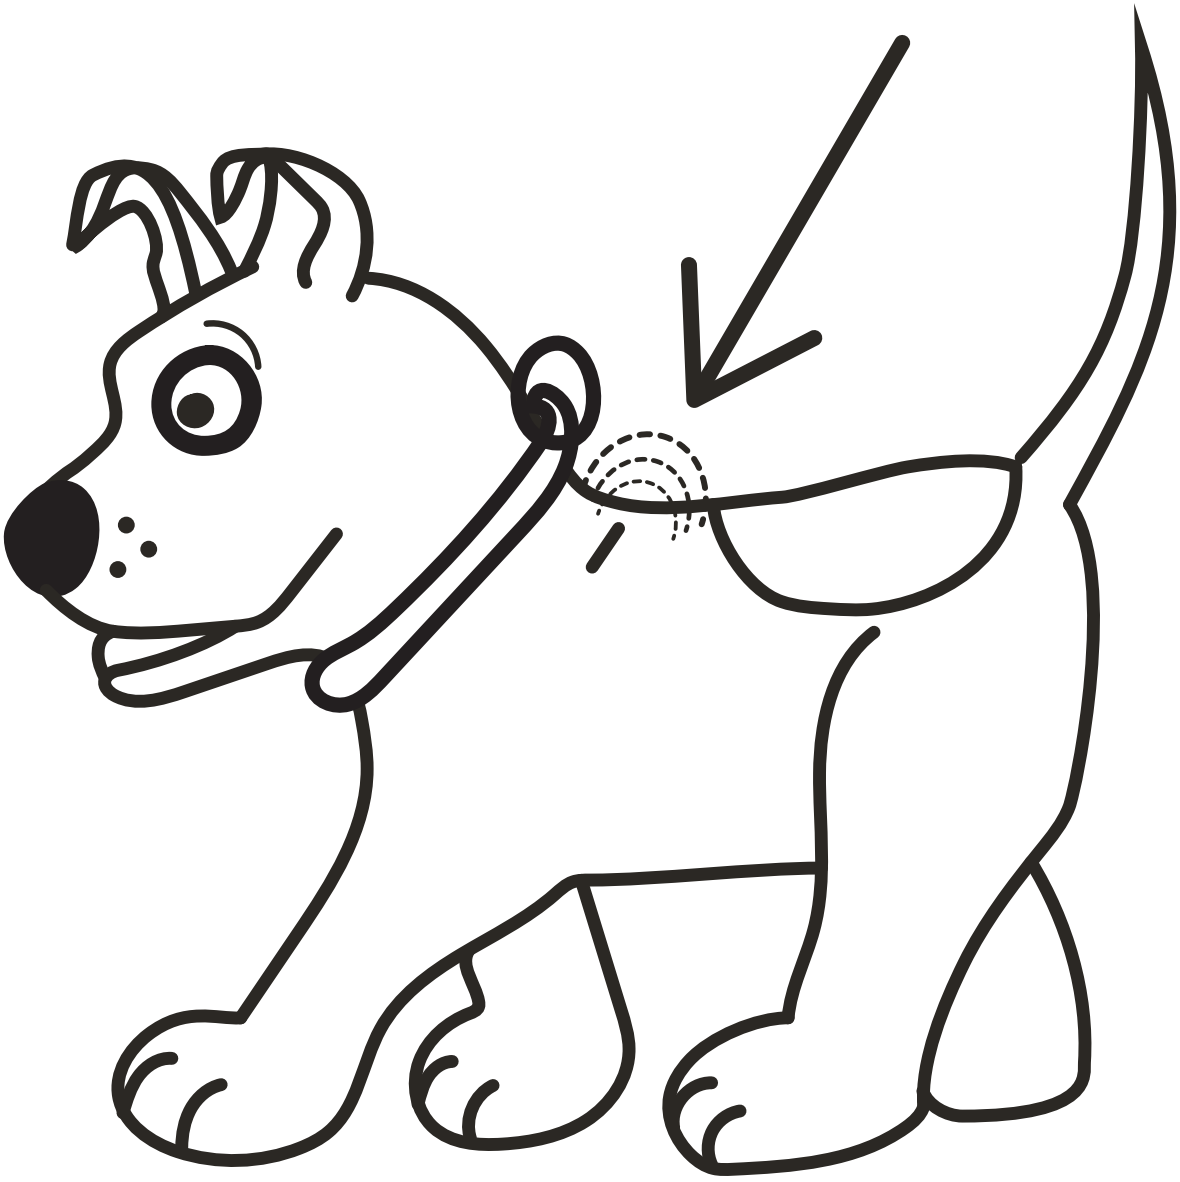
I met a cat named Reggie, a rabbit named Annie and a turtle named Sheldon.



Reggie was getting into a special adoption bus. I hope he finds a new family.

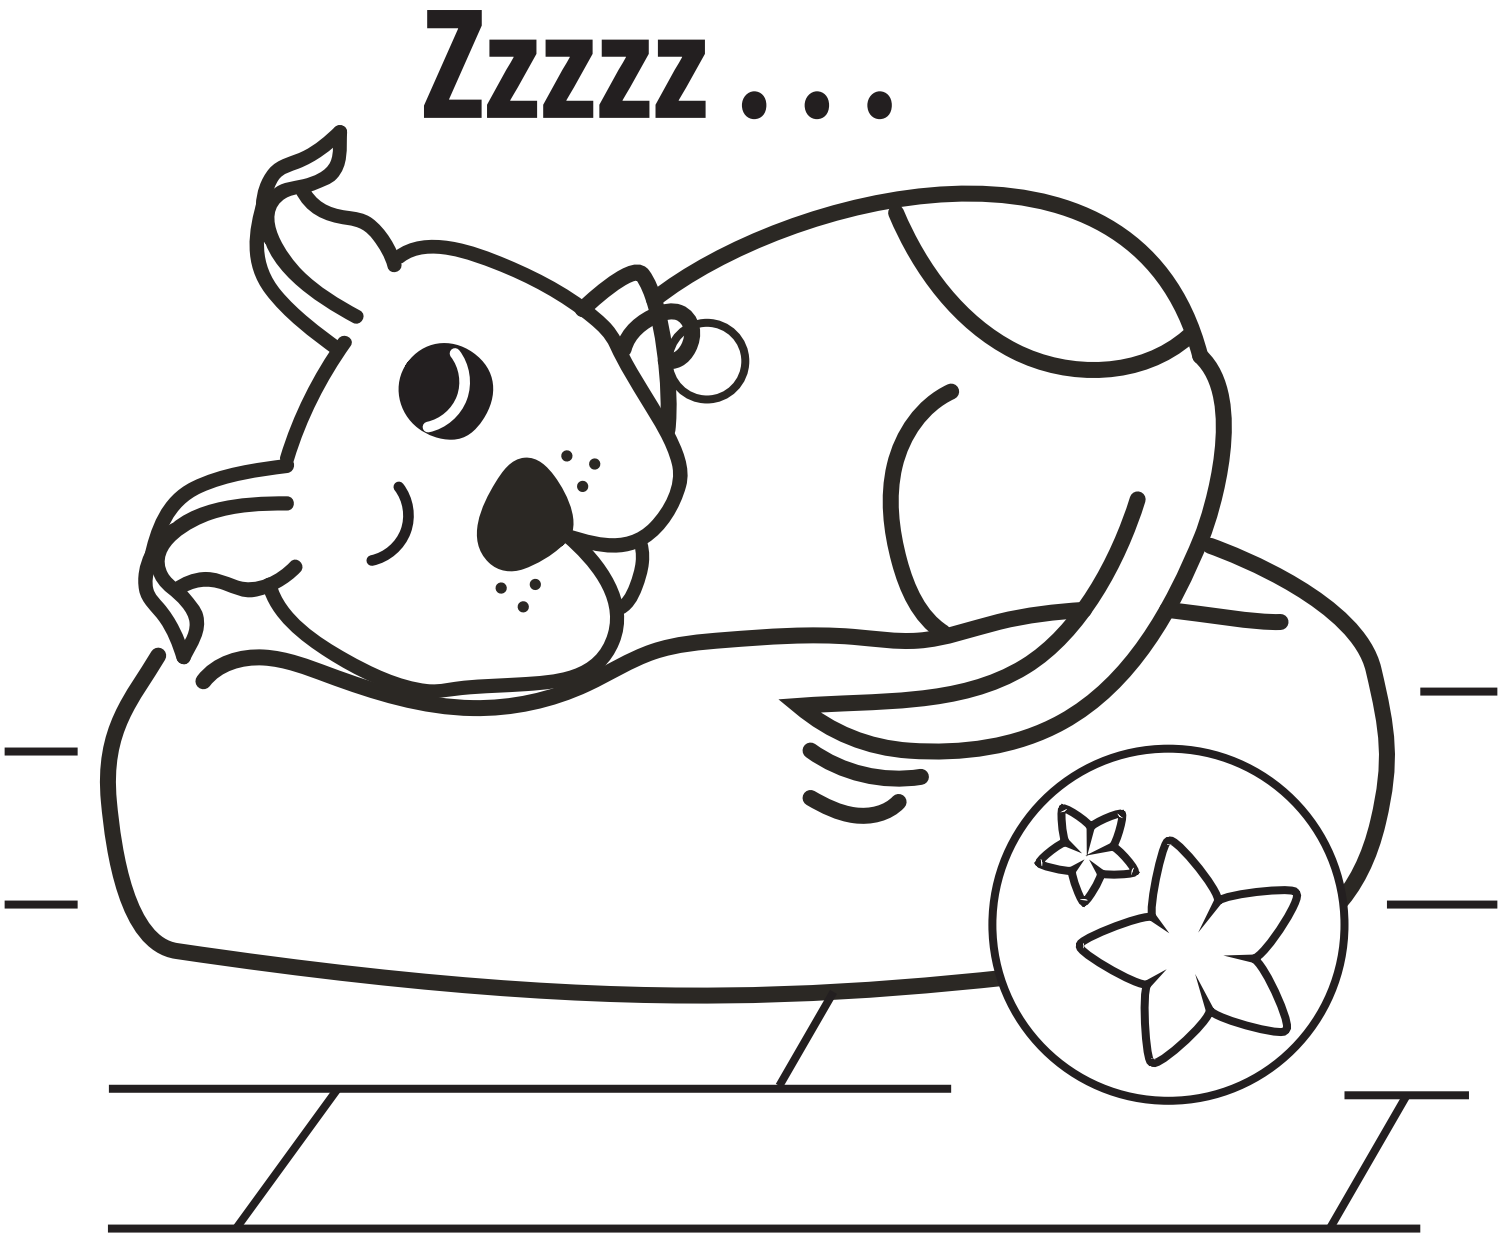


Yay! My family came to pick me up!

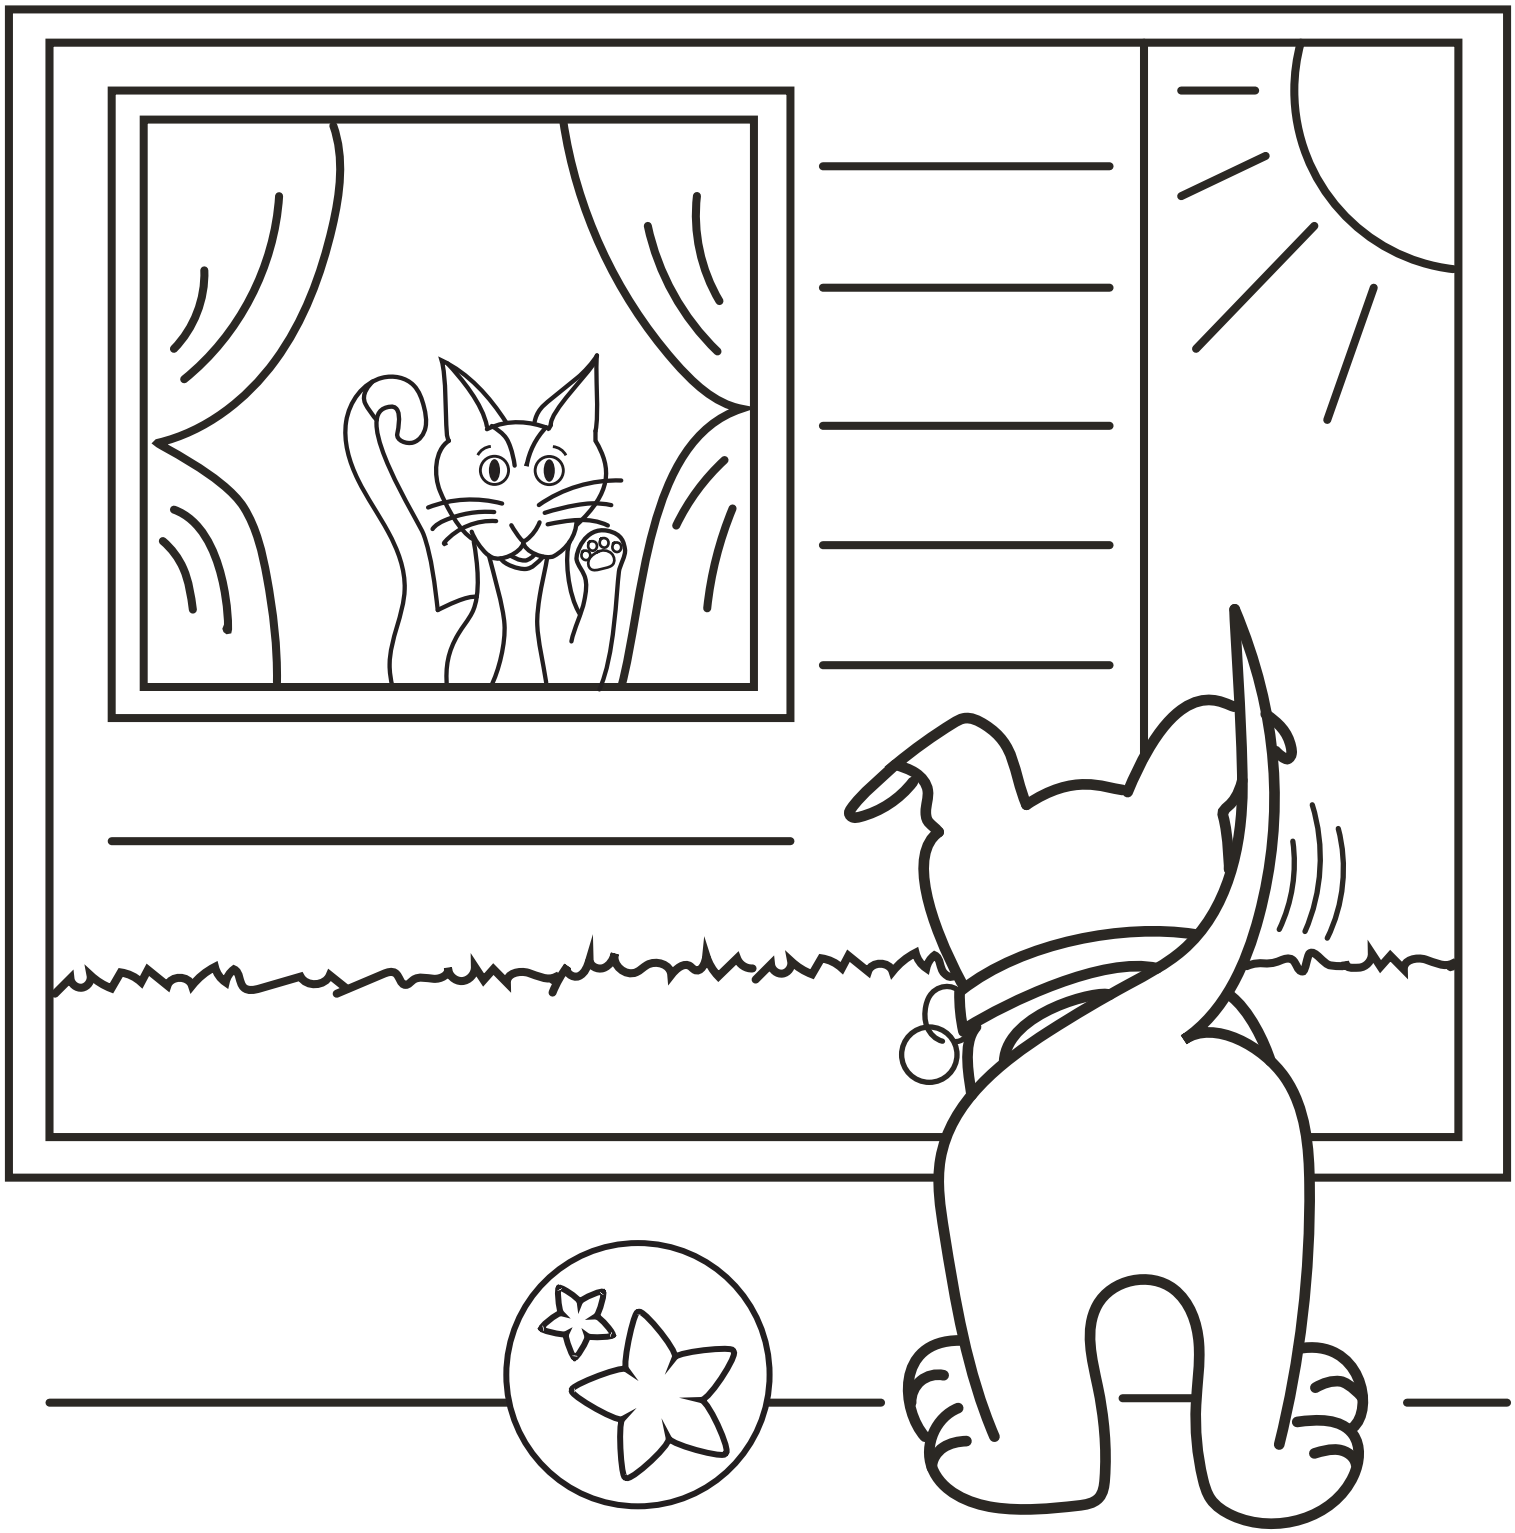


Pethealth™

Before I left the shelter, they placed a special microchip under my fur. It had information about my family and where I lived. If I get lost again, they can find my family really fast.



I was so happy to be home!



I looked out the window and saw Reggie! The family next door adopted him. He is my new neighbor!
