

Virginia Natural Gas Pipeline Replacement Project

Streets Affected

16th St.	700 Block
17th St.	700 Block
18th St.	700 Block
19th St.	600-700 Blocks
20th St.	600-700 Blocks
21st St.	700-800 Blocks
22nd St.	800-1000 Blocks
23rd St.	800-1000 Blocks
24th St.	800-1000 Blocks
25th St.	600-900 Blocks
Hampton Ave.	700-1000 Blocks
Madison Ave.	1600-2200 Blocks
Marshall Ave.	1600-2600 Blocks
Orcutt Ave.	2100-2600 Blocks
Roanoke Ave.	2100-2400 Blocks
Wickham Ave.	2100-2600 Blocks

Project Scope

INSTALLATION OF:
12,525' OF 2" PLASTIC
2,530' OF 4" PLASTIC
4,425' OF 8" PLASTIC
363 CUSTOMER SERVICES

Pipeline Replacement Program

- Replacement of steel mains and services
- Increased reliability
- Improved service
- Clean, safe, efficient natural gas

Fax: 757-616-7517

Project Name: 23rd Street Renewal Project

Project Map, Affected Streets Highlighted in Red

As part of Virginia Natural Gas' Pipeline Replacement Program (PRP), the natural gas mains and services in your area are scheduled for renewal this year. The PRP program was established to replace older mains/services which may have developed leaks or become damaged over time due to road projects, age, or other utility installation. The old steel mains will be replaced with new polyethylene plastic that is less expensive to maintain, more durable, and provides the community with reliable, safe, clean natural gas for years to come.

Operators installing main use directional drill technology to minimize the impact on residents and traffic. Any disturbance to streets, driveways, and property is temporary and will be restored to the condition it was in prior to the renewal project.
