All benefits are subject to the terms and conditions in the *Summary plan document (SPD)*. Words that are capitalized are defined terms listed in the Definitions section of the SPD.

Children are covered up to the end of the month in which they turn age 26. This Plan does not have pre-existing condition exclusions. This Plan does not have lifetime dollar limits on Your benefits. This is a group plan sponsored by Your employer. Your employer will pay the premium to us on Your behalf. Your employer will tell You how much You must contribute, if any, to the premium.

Optima Health has an internal claims appeal process, and an external appeal review process. Please look in Your SPD for details about how to file a complaint or an appeal.

Under certain circumstances Your coverage can be terminated. However, Your Coverage can only be rescinded for fraud or intentional misrepresentation of material fact. Please look in Your SPD in the section on When Your Coverage will end.

For Optima Health plans that require that You choose a Primary Care Provider (PCP) You have the right to choose any PCP who participates in our network and who is available to accept You or Your family members. For children, You may choose a pediatrician as the PCP.

1. **You or Your** means the Subscriber and each family member who is a Covered Person under the Plan.
2. **Copayment and Coinsurance** are out of pocket amounts You pay directly to a Provider for a Covered Service. A Copayment is a flat dollar amount. A Coinsurance is a percent of Optima Health's **Allowable Charge** for the Covered Service You receive.

**Allowable Charge** is the amount Optima Health determines should be paid to a Provider for a Covered Service. When You use In-Network benefits from Plan Providers Allowable Charge is the Provider's contracted rate with Optima Health or the Provider's actual charge for the service, whichever is less. Plan Providers accept this amount as payment in full.

Covered Services You receive from Non-Plan Providers will be administered under Your Out-of-Network benefits with the following exceptions:

- If during treatment at an In-Network hospital or other In-Network facility You receive Covered Services from a Non-Plan Provider those Covered Services will be covered under Your In-Network benefits.
- Emergency Care You get Out-of-Network from a Non-Plan Provider will be covered at the In-Network Copayment or Coinsurance level. Cost Sharing amounts You pay out of pocket for Out-of-Network Emergency Care will accumulate toward Your Plan's In-Network Deductible and Maximum Out-of-Pocket amounts.

When You use Out-of-Network benefits from Non-Plan Providers Allowable Charge may be a negotiated rate; or if there is no negotiated rate Allowable Charge is Optima Health's In-Network contracted rate for the same service performed by the same type of Provider or the Provider's actual charge for the service, whichever is less. Non-Plan Providers may not accept this amount as payment in full. Except in an Emergency if You use a Non-Plan Provider who charges more than our allowable amount the Provider may balance bill You for the difference. You will have to pay the difference to the Provider in addition to Your Copayment or Coinsurance amount. Charges from Non-Plan Providers will be higher than the Plan's Allowable Charge so You will usually pay more out of pocket when You use Out-of-Network benefits.

3. **Deductible** means the dollar amount You must pay out of pocket each calendar year for Covered Services before the Plan begins to pay for Your benefits. If You have individual coverage You must satisfy the individual member Deductible before Coverage begins. If You have family coverage You must satisfy the family coverage Deductible. Your Plan has an embedded individual Deductible within the family Deductible. That means if one covered family member meets the individual member Deductible his or her benefits will begin. Once the total family coverage Deductible is met benefits are available for all covered family members. A Plan may have separate individual and family Deductibles for In-Network Covered Services and for Out-of-Network Services. Deductibles will not be reimbursed under the Plan. The Deductible does not apply to Preventive Care Visits and Screenings from In-Network Plan Providers. Amounts applied to Your In-Network Deductible will apply toward Your Plan's In-Network Maximum Out of Pocket Limit. Amounts applied to Your Out-of-Network Deductible will apply toward Your Out-of-Network Maximum Out of Pocket Limit. Should the Federal Government adjust the Deductible for high Deductible health plans as defined by the Internal Revenue Service, the Deductible amount

in the Policy will be adjusted accordingly.

4. **Maximum Out of Pocket Limit for In-Network Benefits** means the total dollar amount You and Your family pay out of pocket for most In-Network Covered Services during a calendar year. Your Plan has a separate Maximum Out of Pocket Limit for Covered Services You receive under the Plan's Out-of-Network Benefits. Deductibles, Copayments and Coinsurance amounts that You pay for most In-Network Covered Services will count toward Your In-Network Maximum Out of Pocket Limit. If You have individual coverage once You meet the per individual Maximum Out of Pocket Amount Optima Health will cover most In-Network Plan benefits with no out-of-pocket costs for the remainder of Your Plan year. If You have Family coverage and one covered family member meets the individual maximum Optima Health will cover most Plan In-Network benefits with no out-of-pocket costs for that family member. Once You and Your family have met the entire family Maximum Out of Pocket Amount Optima Health will cover most In-Network benefits with no out-of-pocket costs for the remainder of Your Plan year for the entire family. **If a service does not count toward Your Maximum Out of Pocket Limit You must continue to pay Your Copayments or Coinsurance for these services after Your Maximum Out of Pocket Limit has been met. Copayments or Coinsurances or any other charges for the following will not count toward Your In-Network Maximum Out of Pocket Limit:**

  2. Amounts You pay for services after a benefit limit has been reached;

  4. Premium amounts;
  5. Ancillary charges which result from Your request for a brand name outpatient prescription drug when a generic drug is available;

5. **Maximum Out of Pocket Limit for Out-of-Network Benefits** means the total dollar amount You and Your family will pay during a calendar year for most Out-of-Network Covered Services. Your Plan has a separate Maximum Out of Pocket Limit for Covered Services You receive under the Plan's In-Network Benefits. Deductibles, Copayments and Coinsurance amounts that You pay for most Out-of-Network Covered Services will count toward Your Out-of-Network Maximum Out-of-Pocket Limit. Outpatient Prescription Drug Summary of Benefits

This Summary of Benefits describes Your outpatient prescription drug coverage. All drugs must be United States Food and Drug Administration (FDA) approved and you must have a prescription. You will need to pay Your Copayment or Coinsurance when you fill your prescription at the pharmacy. If Your Plan has a Deductible you must meet that amount before your coverage begins. Some drugs require Pre-Authorization by Your Physician, and some quantities may be limited. Your drug coverage has specific Exclusions and Limitations listed in Your coverage documents. Optima Health's Pharmacy and Therapeutics Committee places covered drugs into the following Tiers. You will pay Your Copayment or Coinsurance depending on which Tier Your Drug is in.

- **Selected Generic (Tier 1)** includes commonly prescribed generic drugs. Other drugs may be included in Tier 1 if the Plan recognizes they show documented long-term decreases in illness.
- **Selected Brand & Other Generic (Tier 2)** includes brand-name drugs, and some generic drugs with higher costs than Tier 1 generics, that are considered by the Plan to be standard therapy.
- **Non-Selected Brand (Tier 3)** includes brand name drugs not included by the Plan on Tier 1 or Tier 2. These may include single source brand name drugs that do not have a generic equivalent or a therapeutic equivalent. Drugs on this tier may be higher in cost than equivalent drugs, or drugs determined to be no more effective than equivalent drugs on lower tiers.
- **Specialty Drugs (Tier 4)** includes those drugs classified by the Plan as Specialty Drugs. Tier 4 also includes covered compound prescription medications. Specialty Drugs have unique uses and are generally prescribed for people with complex or on-going medical conditions.
