

# CENSUS DAY

April 1, 2020

## It means \$675 billion.

Census data determines how more than \$675 billion is spent, supporting state, city and county programs. When people don't respond, communities lose up to \$2,000 per person each year.

## Your data is confidential.

Federal law protects your census responses. Your answers can only be used to produce statistics. By law, your information cannot be shared with immigration enforcement agencies or law enforcement agencies. It also cannot be used to determine your eligibility for government benefits.

## 2020 will be easier than ever.

In 2020, you will be able to respond to the census online, by phone or by mail.
