

City of Newport News

2020 Street Sweeping Schedule

Southeast Community Residents – ONLY

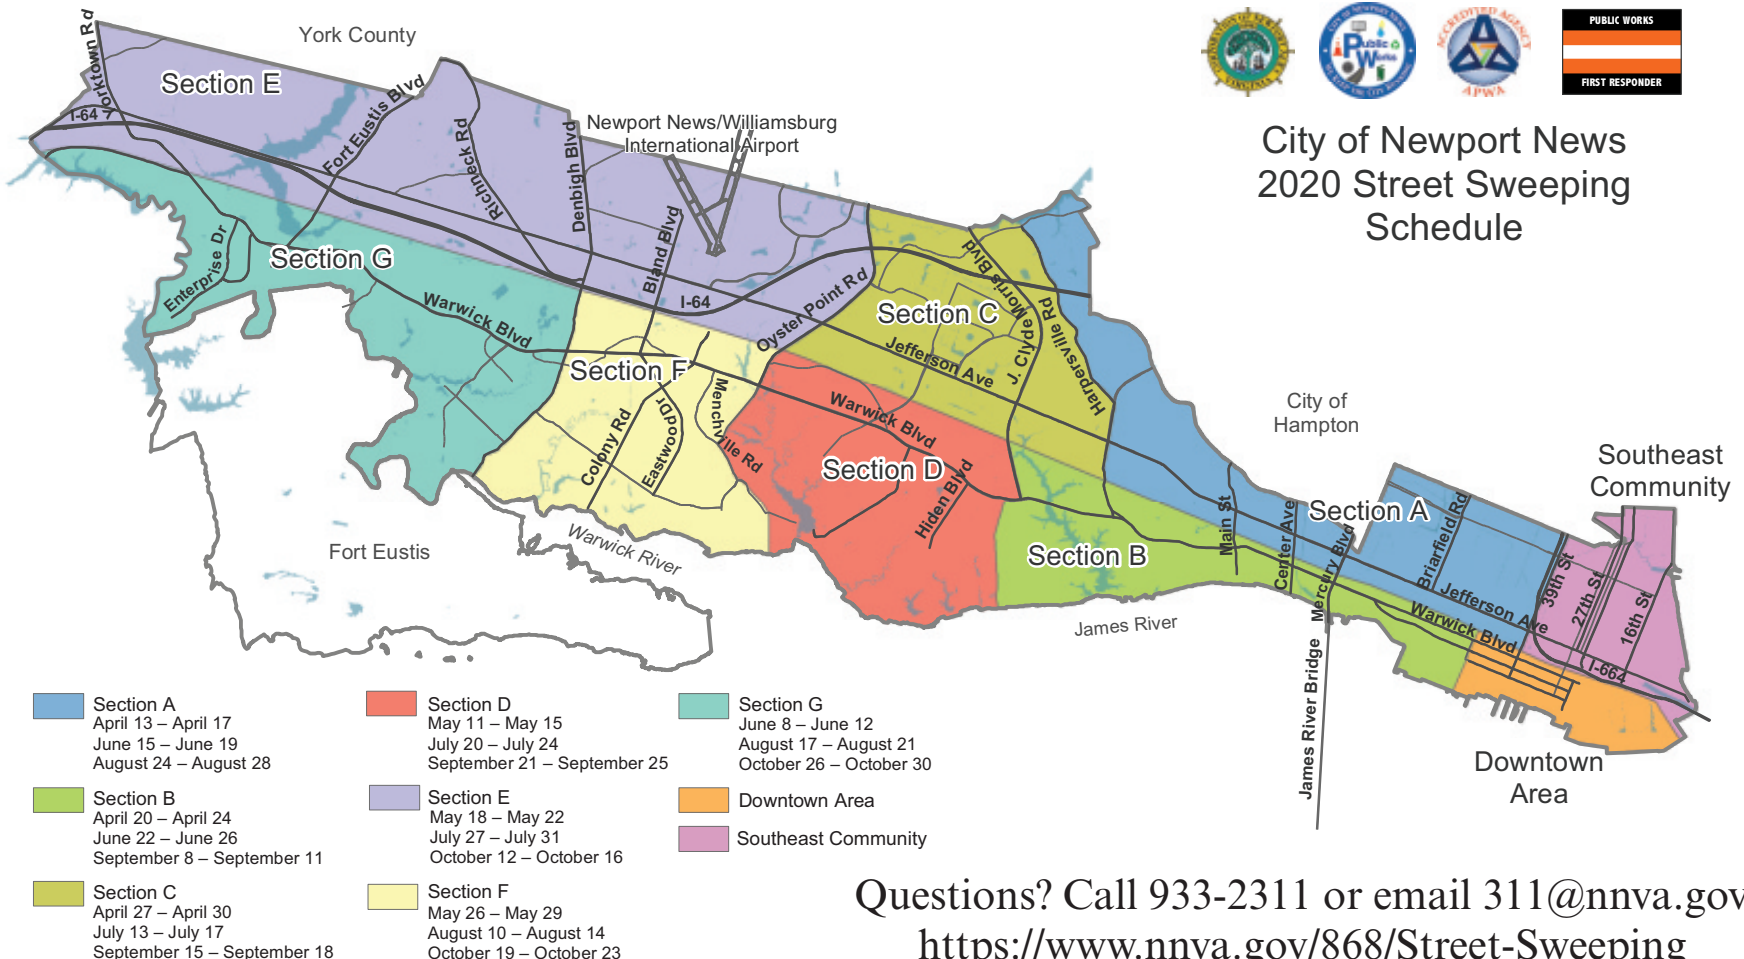

- The Southeast Community streets are swept the first Monday, Tuesday, Thursday and Friday of each month from April to October due to a lack of off street parking and numerous one-way streets.
- If a scheduled sweeping day falls on a holiday, the street will be swept the following week on the scheduled day.
- Permanent red and white “No Parking” signs are posted with the day each side of the street will be swept. Tickets are administered to cars in locations where there are permanent signs during street sweeping times.
- Vehicles should be removed from streets being swept by 9:00 a.m. on the designated days. Please do not resume on street parking until after 3:00 p.m. on street sweeping days.

All Other Newport News Residents

- Streets are swept three times a year between April and October.
- Streets will be swept only once between Monday and Friday during the week each area is scheduled.
- “Street Sweeping” signs are placed on major streets leading into neighborhoods the day prior to sweeping.
- Downtown area will be swept at night periodically.

Helpful Information

- Moving vehicles off the road and placing bulk items behind the curb line allows for effective sweeping.
- Keep basketball goals behind the curb and out of the street.
- Private streets, mobile home parks and privately owned apartment complex streets are not swept as part of this program.
