# Sample Retirement Calculation

**Determine highest consecutive 36 months of pay and calculate Average Final Compensation (AFC):**

Period	Salary
January 1, 2015 to December 31, 2015	\$48,000
January 1, 2016 to December 31, 2016	\$50,000
January 1, 2017 to December 31, 2017	\$52,000
Total (Highest 36 Consecutive Months)	\$150,000
	÷ 3 years
<b>Average Final Compensation (AFC)</b>	<b>\$50,000</b>

**Determine years of credited service for each period and calculate annual benefit:**

Period	AFC	x Number of Years of Credited Service	x Multiplier	= Annual Benefit
Prior to March 1, 2010	\$50,000	23 years	2%	\$23,000.00
From March 1, 2010 to December 31, 2012	\$50,000	2 years, 10 months (2 + 10/12 = 2.833 years)	1.85%	\$2,620.53
After January 1, 2013	\$50,000	5 years	1.65%	\$4,125.00
			<b>Total Annual Benefit</b>	<b>\$29,745.53</b>
			Monthly Benefit	\$2,478.79

# Thinking about retiring

- The closer you are to retiring, the more accurate your pension estimate will be. The Retirement Division offers 2 ways to obtain an estimate of your pension:
  1. Use the NNERF Pension Estimator available on-line. Click here to access: [NNERF Pension Estimator - My Estimates](#)
  2. Email your request for a NNERF Pension Estimate to the Finance Department – Retirement Division ([retirement@nnva.gov](mailto:retirement@nnva.gov)). Be sure to include a retirement date. An estimate will be generated for you within 7 - 10 business days.
- Once you have selected a retirement date, contact the Retirement Division to schedule a retirement appointment. Appointments are held the month prior to your retirement date.

# Paid Personal Leave (PPL) at Retirement—Options

- Take all or a portion in cash—paid the pay period following the last active check
- Contribute all or a portion to ICMA 457 account or Health Savings Account (HSA) subject to the annual limitation
- Purchase additional service credit at an actuarially determined rate

# ICMA 457 at Retirement

- Withdrawals from 457 can be made at any time with no penalty, but taxes will be withheld on the withdrawn amount
- Funds can be transferred to another comparable retirement plan with no tax implications
- Funds can be left in account until a later date (Age 72 required minimum distribution)

# Health Insurance

- Working age retirees (pre-65) are eligible to participate in any of the three Retiree medical plans
  - PPO, HMO, Lumenos
- All retirees switch to the Humana Medicare Advantage plan at age 65 (required to have Medicare Parts A and B)
- Retirees CANNOT increase coverage after retirement, but are allowed to lower coverage or switch plans
- If you do not elect insurance at retirement, or decide to drop insurance coverage during retirement, you will not be able to rejoin the plan

# Health Insurance

- The amount of the City contribution to the medical insurance premiums for retirees was capped by City Council in 2005, and the cap increases each year by the same COLA applied to retiree annuity payments
- Only employees with 25 years service or more qualify for the FULL AMOUNT of City contribution
